

Dear Voter

I am proud to stand before you as your SDLP candidate in the forthcoming Assembly elections.

As a GP and District Councillor, I have been privileged to gain a unique insight into the many issues which affect people in their daily lives. Some of these issues may mean the difference between life and death, eg Acute Hospital Services, safety on our roads and in our communities and educating our young people about the dangers of alcohol and drugs.

Other issues affect the quality of our lives and our ability to achieve our full potential eg education provision, economic development, cost of living and protecting our rural way of life.

I believe I have the skills, energy, focus and determination to ensure, with the help of a strong SDLP team in the Assembly that these issues are fully addressed.

Your concerns are my priority. Together we can achieve
REAL PROGRESS

With best wishes
